GONZALES, LA 70737**

SEPTEMBER 8TH, 2025 - 08:00 to 17:00

The **RIPP™ Sudden Custody Death Syndrome (SCDS) Train the Trainers Course** teaches you the **Who, What, Where, Why and How** about SCDS.

Learn critical information and terminology about cocaine psychosis, positional asphyxia, positional restraint asphyxia, as well as the identifiable symptoms & behavioral patterns that are exhibited by subjects who may be at risk of becoming custody deaths.

During this course you will review five case histories, watch two actual cases, one of Cocaine Psychosis and one where Methamphetamines are involved. You will learn how to build a defensible platform against litigation in the case of a fatality.

Each attendee receives a training kit with a SCDS Instructors Manual, Powerpoint presentation, videos and restraints that will be used in the hands on portion of this course. Each kit is valued at approximately \$265.

The cost for this one day 8-hour training course is \$495. If at the time of registration, attendance is paid for by credit card, it is our company policy to give a 10% discount. **REGISTRATION FORM** *
